How many days a week do you: \_\_\_\_\_Walk  
\_\_\_\_\_Drive Alone \_\_\_\_\_Carpool \_\_\_\_\_Ride the Bus  
\_\_\_\_\_Vanpool \_\_\_\_\_Ride the Train \_\_\_\_\_Bike

### Agreement

I agree that my information will be entered into Commuter Services' Ridematching Database and used to match me with potential carpoolers or vanpoolers and other commuter related services, based on their proximity to my home or work address and work schedule. I understand that others will receive similar information regarding my commute choice (excluding my street number) and may contact me to form a carpool or vanpool, and that my information will not be provided by Commuter Services to outside marketing agencies. I acknowledge that participation in a carpool or vanpool is an individual decision and that I am responsible for my operation or participation in a carpool or vanpool. I acknowledge that it is my responsibility for determining, from any names provided, the suitability of others to be in a carpool/vanpool with me, including but not limited to background, driving history, and roadworthiness of vehicles. Susquehanna Regional Transportation Partnership (SRTP), its contractors, or Commuter Services shall have no responsibility or liability for any claims, expenses, or damages resulting from any individual's participation in a carpool or vanpool. I may choose to be removed from the Commuter Services Ridematching Database at any time upon my request. I understand I must be 18 years old to participate in this program.

## Commuter Services provides free assistance to help you share a ride today!

Call toll-free 1-866-579-RIDE!  
or visit [www.pacommuterservices.com](http://www.pacommuterservices.com)

"Signing up for Commuter Services has really helped me. Now, instead of having the expense of driving by myself, I can relax, do some reading or enjoy conversation with my new carpool family!"

### Carpooling

We can match you with people who live and work near you, commute at the same time and are interested in sharing a ride. We know based on statistics that there is someone who lives, works, or goes to school within a mile of you and is interested in riding together. Our job is to provide a match! To cut your commuting costs by at least half, call us or fill out the attached rideshare application.

### Vanpooling

Join a vanpool and turn commuting time into productive time! Read, catch-up with work or relax! Vanpools are "super" carpools with 5-15 people who share a ride and commuting costs to and from work in a commuter van. Call Commuter Services for details.

### Transit Info

Commuter Services will help you get all the information you need on transit systems in your area. We can connect you 24-hours a day.

### Call Center

Commuter Services staff have first-hand experience with carpooling, vanpooling, and the transit systems. The Call Center can answer any questions, provide rideshare information, or transfer your call to any transit system in your area. Commuter Services information is available 24-hours a day.

### Commute Alternatives

Additional ways to save money, time, and keep you out of rush hour traffic include telecommuting, flextime shifts, walking, biking, and compressed work schedules.

### Employer Services

Working with your employer, we can also help establish commuter benefits that are customized to meet the commuting needs of you and your co-workers. Contact your Human Resources department and tell them about Commuter Services.
