# How to Ride Fixed Route

*From Dallastown to Dover, Wrightsville to Hanover, and just about everywhere in between, rabbittransit has a bus route that will get you where you need to go.*

## Identifying Your Bus

Each bus route has its own route number and covers a different area. Letters designate the general direction a bus travels (for example, E = East, N = North, etc.). In addition, each route has a regular time schedule to help you determine when the bus will be departing from various timepoints along the route. To find the closest bus stop on your selected route, look for a rabbittransit bus stop sign. On routes 1 through 9, bus stop signs are typically posted every 2 blocks. Stand beside the sign and the bus will arrive to pick you up. Flag stops are as follows: Route 6 (North of HACC), Route 12, Route 13 and Route 16. If you are on a flag route with no bus stop signs nearby, you can flag the bus driver down anywhere on the route that's safe for the driver to pull over. Be sure to stand on the correct side of the road. Flag stops do not apply to rabbitEXPRESS Commuter Bus Service.

## Hopping on the Bus

Always try to arrive a few minutes early.

**Be sure to stand on the same side of the road that the bus is traveling.** Read the electronic signs on the front or side of the bus – they tell you the route number and where it's headed. When the correct bus arrives, have the exact fare or your Hop-n-Go card ready. Please allow any passengers to exit before you hop on. Once on the bus, insert your money or your Hop-n-Go card into the farebox next to the driver. After paying your fare, if there is an empty seat please take it. If you must stand, hold on to a handrail or post. Please remember the front seats are reserved for senior citizens and passengers with disabilities.

As you are riding, pay attention and watch for your stop. About a block before your stop, let the driver know you want to hop off by pulling the cord or pressing the rubber strip between the windows. If you don't know the area, ask the driver to let you know when nearing your stop.

 **Remember, drivers don't carry cash and cannot make change!**

## Transferring Buses

If you need to take more than one bus to complete a one-way trip, ask your driver immediately for the number of free transfers you will need. Letting the driver know in advance that you need a transfer helps save you time as the driver coordinates with other buses. Transfers are good for one hour after being issued. **Riders must transfer at designated transfer points.** Transfer connections are not guaranteed.

## Leaving the Bus

Remain seated until the bus comes to a complete stop. Please use the rear door to hop off the bus. Remember to always check traffic when exiting. Traffic doesn't stop for our buses like it does for a school bus, so never cross in front of the bus!

 **Accessibility/Reasonable Modification:** All buses are equipped with lifts and kneelers to assist riders traveling with a wheelchair or other mobility device. Passengers may request reasonable modifications to assist them in accessing mobility services. Passengers may contact the mobility planning office at 1-800-632-9063 for more information.

# Cómo Viajar en una Ruta Fija

*De Dallastown a Dover, de Wrightsville a Hanover, y a casi todos los puntos intermedios entre ellos, rabbittransit tiene una ruta de autobús que lo llevará adonde usted necesita ir.*

## Identificar su autobús

Cada ruta de autobús tiene su propio número de ruta y cubre un área diferente. Las letras designan la dirección general en que viaja un autobús (por ejemplo: E = Este, N = Norte, etc.). Además, cada ruta tiene un horario regular para ayudarlo a determinar cuándo partirá el autobús desde diversos puntos de tiempo a lo largo de la ruta. Para encontrar la parada de autobús más cercana en su ruta seleccionada, busque una señal de parada de autobús de rabbittransit. En las rutas 1 a 9, las señales de parada de autobús están colocadas, típicamente, cada 2 cuadras. Permanezca al lado de la señal y el autobús llegará a recogerlo. Si no hay una parada designada por los siguientes Ruta: Ruta 6 (norte de HACC), Ruta 12, Ruta 13 y Ruta 16. Usted puede señalar al conductor del autobús en cualquier lugar de la ruta que sea seguro para que el conductor se detenga. Asegúrese de pararse en el lado correcto de la carretera. Solo puede obtener el servicio de Commuter Bus de rabbitEXPRESS en una parada designada.

## Abordar el autobús

Siempre trate de llegar unos minutos antes. Asegúrese de estar parado del lado de la ruta en cuya dirección se desplaza el autobús. Lea los rótulos electrónicos al frente o lado del autobús –éstos le dicen el número de la ruta y hacia dónde se dirige—. Cuando llegue el autobús correcto, tenga lista la tarifa exacta o su tarjeta Hop N-Go. Por favor, permita que los pasajeros bajen antes de abordar el autobús. Una vez en el autobús, introduzca su dinero o su tarjeta Hop N-Go en la máquina para pagar que se encuentra al lado del conductor. Después de pagar su pasaje, si hay un asiento vacío, por favor siéntese. Si debe permanecer de pie, agárrese de un pasamanos o un poste. Por favor, recuerde que los asientos delanteros están reservados para ancianos y pasajeros con incapacidades.

Al viajar, preste atención a su parada de destino. Aproximadamente una cuadra antes de su parada de destino, hágale saber al conductor que se va a bajar jalando el cordón o presionando la banda de caucho entre las ventanas. Si no conoce el área, pídale al conductor que le haga saber al estar cerca de su parada de destino.

 **¡Recuerde, los conductores no llevan dinero en efectivo y no pueden darle cambio!**

## Transbordo entre autobuses

Si necesita abordar más de un autobús para completar un viaje en un solo sentido, pídale al conductor, inmediatamente, los boletos de transbordo gratis que necesitará. Hacerle saber al conductor con anticipación que usted necesita hacer un transbordo le ayuda a ahorrar tiempo, ya que el conductor coordina con otros autobuses. Los boletos de transbordo tienen una validez de una hora después de haber sido emitida. Los viajeros deben hacer las transferencias en los puntos de transferencia designados.

## Salir del autobús

Permanezca sentado hasta que el autobús se haya detenido por completo. Por favor, use la puerta trasera para salir del autobús. Al salir del autobús, recuerde siempre poner atención al tráfico. ¡El tráfico no se detiene por nuestros autobuses como lo hace por un ómnibus escolar, así que nunca cruce delante del autobús!

 **Accesibilidad/Modificación razonable:** Todos los autobuses están equipados con elevadores y reclinatorios para ayudar a los pasajeros que viajan con una silla de ruedas u otro dispositivo para movilidad. El pasajero puede solicitar ciertas modificaciones para ayudarlo a acceder a los servicios de movilidad. Para esto, la persona debe ponerse en contacto con la oficina de planificación de movilidad llamando al 1-800-632-9063 para obtener más información.

Please see page 8 for more information about transferring.

# PEDAL. HOP. PEDAL.

## Bring Your Bike On The Bus!

Include **rabbittransit** in your bike trip—you'll do more, see more, explore more, and get there faster—and **bikes ride FREE!** That's right; bring your bike aboard **rabbittransit** at no extra charge. For your convenience, **rabbittransit** has placed bike racks on the front of our fixed route buses. Bring your bike on the bus as an alternative to pedaling your entire route, to avoid inclement weather, or to overcome other obstacles like hills and crowded city streets.

### Load Your Bike On The Bus In A Snap

Please have your bicycle ready to load and free of any loose items. When **rabbittransit** arrives, inform the bus operator that you will be loading your bike.

- 1 At the front of the bus, grab and squeeze the bicycle rack handle, then lower the rack out and away from the bus.
- 2 Lift your bike onto the rack and align its wheels into the wheel wells closest to the bus.
- 3 Secure your bike by lifting and setting the support arm over your bike's tire, and you're done!

When getting off the bus, inform your driver that you will be unloading your bike. To unload your bike, simply reverse steps #2 and #3. Remember to put the bike rack in its upright and locked position if you are the last to use it.

# City of York Existing Bikeway Network

*Connecting Bikes & Transit through Complete Streets*

Bringing a bike on the bus not only assists in traveling farther distances, but can be a great time-saver or welcome relief from inclement weather. This map has been developed to assist cyclists in planning both commute trips and recreational trips in and around York City using the 38-mile network. The City of York Complete Streets Vision strives to create an equitable and effective transportation system that allows every roadway user to travel safely and comfortably through the City.

## INSET

Even though particular routes are highlighted on the map, bicyclists may use most streets in York that are open to cars and other vehicles. Bicyclists have the same responsibility as motor vehicle operators to obey traffic laws.

- Conditions on streets and trails/paths may vary. Be prepared to make your own evaluation of traffic and street road/path conditions.
- Plan routes appropriate to your bicycling skills.
- The user of this map bears full responsibility for his or her own safety.

# Transit Watch: Safety & Security

In response to the need for increased attention to safety and security in today's post-9/11 environment, **rabbittransit** participates in the nationwide Transit Watch effort to ensure the safety and security of our public transportation network.

The campaign is designed to encourage the active participation of transit passengers and employees in working together to maintain a safe transit environment.

## Be Involved.

*Be observant, watchful and aware:*

- If something does not look quite right, report it to the authorities.
- Take the initiative and become the community's transit eyes and ears.
- We can all count on a safe ride if we look out for each other.

## Be Informed.

*Have a Transit Plan of Action:*

- Remain calm and listen to bus announcements.
- Follow authority instructions in a speedy but orderly fashion.
- Do not block bus doors from closing.
- Assist fellow passengers and follow the Golden Rule:

*"Watch out for the safety of others just as you would have them watch out for your safety."*

**Be Involved. Be Informed.  
Be Alert. Be Prepared.**

THESE 4 "B'S" ARE YOUR TICKET  
TO A SAFE SECURE RIDE.

## Be Alert.

*When we all make a commitment to be alert when riding transit, the result is a first-rate line of defense against a natural or man-made disaster. Look for the following:*

### Suspicious Packages

If you spot an unattended package, look for the following:

- Placement in an out-of-the-way location
- Individuals in the act of abandoning the package and hastily departing the area
- Unusual attached batteries, wires, tanks, bottles or bags that might contain chemicals
- An attached message
- A suspicious cloud, gas, vapor, odor or seeping fluid
- Nearby individuals showing signs of illness or distress

### Suspicious Behavior

If you spot any suspicious individuals engaged in questionable activity, look for the following:

- Visible signs of nervousness
- Excessive sweating
- Sprayer bottles or aerosol canisters
- Inappropriate clothing that is excessively baggy or too heavy in warm weather

### Recommended Course of Action:

- Do not confront suspicious individuals. Contact a transit employee or the police immediately.
