Bring Your Bike On The Bus!

Bring your bike aboard **rabbittransit** at no extra charge. For your convenience, **rabbittransit** has placed bike racks on the front of our fixed route buses.

Load Your Bike On The Bus In A Snap

Please have your bicycle ready to load and free of any loose items. When **rabbittransit** arrives, inform the bus operator that you will be loading your bike.

1 At the front of the bus, grab and squeeze the bicycle rack handle, then lower the rack out and away from the bus.

2 Lift your bike onto the rack and align its wheels into the wheel wells closest to the bus.

3 Secure your bike by lifting and setting the support arm over your bike's tire, and you're done!

When getting off the bus, inform your driver that you will be unloading your bike. To unload your bike, simply reverse steps #2 and #3. Remember to put the bike rack in its upright and locked position if you are the last to use it.
