How to Ride Fixed Route

From Dallastown to Dover, Wrightsville to Hanover, and just about everywhere in between, rabbittransit has a bus route that will get you where you need to go.

Identifying Your Bus

Each bus route has its own route number and covers a different area. Letters designate the general direction a bus travels (for example, E = East, N = North, etc.). In addition, each route has a regular time schedule to help you determine when the bus will be departing from various timepoints along the route. To find the closest bus stop on your selected route, look for a rabbittransit bus stop sign. On routes 1 through 9, bus stop signs are typically posted every 2 blocks. Stand beside the sign and the bus will arrive to pick you up. Flag stops are as follows: Route 6 (North of HACC), Route 10S (South of South York Plaza/Giant), Route 12, Route 13 and Route 16. If you are on a flag route with no bus stop signs nearby, you can flag the bus driver down anywhere on the route that's safe for the driver to pull over. Be sure to stand on the correct side of the road. Flag stops do not apply to rabbitEXPRESS Commuter Bus Service.

Boarding the Bus

Always try to arrive a few minutes early. **Be sure to stand on the same side of the road that the bus is traveling.** Read the electronic signs on the front or side of the bus – they tell you the route number and where it's headed. When the correct bus arrives, have the exact fare or your Hop-n-Go card ready. Please allow any passengers to exit before you board. Once on the bus, insert your money or your Hop-n-Go card into the farebox next to the driver. After paying your fare, please take an empty seat. If you must stand, hold on to a handrail or post. Please remember the front seats are reserved for senior citizens and passengers with disabilities.

As you are riding, pay attention and watch for your stop. About a block before your stop, let the driver know you want to hop off by pulling the cord or pressing the rubber strip between the windows. If you don't know the area, ask the driver to let you know when nearing your stop.

 **Remember, drivers don't carry cash and cannot make change!**

Transferring Buses

Please alert the driver at the beginning of your trip that you will need a transfer to complete your one-way trip. Letting the driver know in advance that you need a transfer helps save you time as the driver coordinates with other buses. Transfers are good for one hour after being issued. Transfer connections are not guaranteed.

Leaving the Bus

Remain seated until the bus comes to a complete stop. Please use the rear door to exit the bus. Remember to always check traffic when exiting. Traffic doesn't stop for our buses like it does for a school bus, so never cross in front of the bus!

Accessibility/Reasonable Modification:

All buses are equipped with lifts and kneelers to assist riders traveling with a wheelchair or other mobility device. Passengers may request reasonable modifications to assist them in accessing mobility services. Passengers may contact the mobility planning office at 1-800-632-9063 for more information.

Cómo Viajar en una Ruta Fija

De Dallastown a Dover, de Wrightsville a Hanover, y a casi todos los puntos intermedios entre ellos, rabbittransit tiene una ruta de autobús que lo llevará adonde usted necesita ir.

Identificar su Autobús

Cada ruta de autobús tiene su propio número de ruta y cubre un área diferente. Las letras designan la dirección general en que viaja un autobús (por ejemplo: E = Este, N = Norte, etc.) Además, cada ruta tiene un horario regular para ayudarlo a determinar cuándo partirá el autobús desde diversos puntos de tiempo a lo largo de la ruta. Para encontrar la parada de autobús más cercana en su ruta seleccionada, busque una señal de parada de autobús de rabbittransit. En las rutas 1 a 9, las señales de parada de autobús están colocadas, típicamente, cada 2 cuadras. Permanezca al lado de la señal y el autobús llegará a recogerlo. Si no hay una parada designada por los siguientes Ruta: Ruta 6 (norte de HACC), Ruta 12, Ruta 13 y Ruta 16. Usted puede señalar al conductor del autobús en cualquier lugar de la ruta que sea seguro para que el conductor se detenga. Asegúrese de pararse en el lado correcto de la carretera. Solo puede obtener el servicio de Commuter Bus de rabbitEXPRESS en una parada designada.

Abordar el Autobús

Siempre trate de llegar unos minutos antes. Asegúrese de estar parado del lado de la ruta en cuya dirección se desplaza el autobús. Lea los rótulos electrónicos al frente o lado del autobús –éstos le dicen el número de la ruta y hacia dónde se dirige—. Cuando llegue el autobús correcto, tenga lista la tarifa exacta o su tarjeta Hop N-Go. Por favor, permita que los pasajeros bajen antes de abordar el autobús. Una vez en el autobús, introduzca su dinero o su tarjeta Hop N-Go en la máquina para pagar que se encuentra al lado del conductor. Después de pagar su pasaje, por favor siéntese en un asiento vacío. Si debe permanecer de pie, agárrese de un pasamanos o un poste. Por favor, recuerde que los asientos delanteros están reservados para ancianos y pasajeros con incapacidades.

Al viajar, preste atención a su parada de destino. Aproximadamente una cuadra antes de su parada de destino, hágale saber al conductor que se va a bajar jalando el cordón o presionando la banda de caucho entre las ventanas. Si no conoce el área, pídale al conductor que le haga saber al estar cerca de su parada de destino.

 **¡Recuerde, los conductores no llevan dinero en efectivo y no pueden darle cambio!**

Transbordo entre Autobuses

Por favor, avise al conductor al comienzo de su viaje que necesitará un traslado para completar su viaje de ida. Informar al conductor de antemano que necesita un traslado le ayuda a ahorrar tiempo ya que el conductor coordina con otros autobuses. Las transferencias son válidas durante una hora después de ser emitidas. Las conexiones de transferencia no están garantizadas.

Salir del Autobús

Permanezca sentado hasta que el autobús se haya detenido por completo. Por favor, use la puerta trasera para salir del autobús. Al salir del autobús, recuerde siempre poner atención al tráfico. ¡El tráfico no se detiene por nuestros autobuses como lo hace por un ómnibus escolar, así que nunca cruce delante del autobús!

Accesibilidad/Modificación Razonable:

Todos los autobuses están equipados con elevadores y reclinatorios para ayudar a los pasajeros que viajan con una silla de ruedas u otro dispositivo para movilidad. El pasajero puede solicitar ciertas modificaciones para ayudarlo a acceder a los servicios de movilidad. Para esto, la persona debe ponerse en contacto con la oficina de planificación de movilidad llamando al 1-800-632-9063 o enviando un mensaje a info@rabbittransit.org para obtener más información.

King Street Station

King Street Station

The King Street Station is located in downtown York, at the corner of King Street and Pershing Avenue. There, you'll find a ticket sales office, bus schedule information and vending machines for your convenience. There are no public restrooms available at the Station.

Most transfers require a stop at the King Street Station. When your bus enters the Station it will pull into an assigned area marked by the route number. When you hop off the bus, look for the sign with your desired route number

and go to that area to hop on your transfer bus. Don't forget to have your transfer slip handy! Buses depart on the hour and half past the hour.

rabbittransit passenger screens are located at the King Street Station. These signs display next bus departure times.

NOTE: The King Street Station does not have any public parking. Please smoke only in designated areas and dispose of trash in the receptacles.

Transit Watch: Safety & Security

rabbittransit participates in the nationwide Transit Watch effort to ensure the safety and security of our public transportation network.

The campaign is designed to encourage the active participation of transit passengers and employees in working together to maintain a safe transit environment.

Be Involved.

Be observant, watchful and aware:

- If something does not look quite right, report it to the authorities.
- Take the initiative and become the community's transit eyes and ears.
- We can all count on a safe ride if we look out for each other.

Be Informed.

Have a Transit Plan of Action:

- Remain calm and listen to bus announcements.
- Follow authority instructions in a speedy but orderly fashion.
- Do not block bus doors from closing.
- Assist fellow passengers and follow the Golden Rule:

"Watch out for the safety of others just as you would have them watch out for your safety."

**Be Involved. Be Informed.
Be Alert. Be Prepared.**

THESE 4 "B'S" ARE YOUR TICKET
TO A SAFE SECURE RIDE.

Be Alert.

When we all make a commitment to be alert when riding transit, the result is a first-rate line of defense against a natural or man-made disaster. Look for the following:

Suspicious Packages

If you spot an unattended package, look for the following:

- Placement in an out-of-the-way location
- Individuals in the act of abandoning the package and hastily departing the area
- Unusual attached batteries, wires, tanks, bottles or bags that might contain chemicals
- An attached message
- A suspicious cloud, gas, vapor, odor or seeping fluid
- Nearby individuals showing signs of illness or distress

Suspicious Behavior

If you spot any suspicious individuals engaged in questionable activity, look for the following:

- Visible signs of nervousness
- Excessive sweating
- Sprayer bottles or aerosol canisters
- Inappropriate clothing that is excessively baggy or too heavy in warm weather

Recommended Course of Action:

- Do not confront suspicious individuals. Contact a transit employee or the police immediately.
- In the event of a suspicious package, do not use a cellular phone until you are at a safe distance.
